## Disposal of EMJ Plastics to ABM Group (Ireland)

### **Strategic Corporate Finance advised on the sale of EMJ Plastics Limited to Irish construction group ABM.**

EMJ Plastics, based in Filey, North Yorkshire, is the UK's leading manufacturer of glass reinforced plastic permanent formwork panels. Over 3,000 highway bridges have been constructed using EMJ's GRP formwork panels during the past 35 years.

Strategic Corporate Finance advised the shareholders of EMJ Plastics, carrying out extensive research to identify suitable buyers both in the UK and in Europe and running a sales process which resulted in the sale to ABM Group.
