

Phill Says “I Do” To Wife Alison’s Business Proposal

Disposal of Industrial Personnel Limited

A successful South Yorkshire business has been sold by its owner – to her husband!

Industrial Personnel, of Doncaster Gate, Rotherham – market leader in the supply of labour to the industrial, distribution, social care and commercial sectors – has been acquired by Phill Buckley from his wife, sole shareholder Alison Cutts.

Lead advisors for the sale were Strategic Corporate Finance.

Industrial Personnel, which since its launch in 1995 has placed thousands of people in permanent and temporary work, employs a specialist team of recruitment consultants and takes the headache out of the recruitment process for local companies.
