

# Manor Plants the Seeds of Success

## Management Buy-Out of Manor Plant Hire Limited

**Strategic Corporate Finance has advised on the disposal of Manor Plant Hire Limited.**

The deal was the second disposal in three years for the major shareholder, Adrian Harkin, who sold AMH Construction to its management team in 2005.

Manor Plant Hire is a leading independent plant and tool hire company in Derby. The company supplies construction and contracting companies with equipment, ranging from large plant manufactured by companies like JCB, to smaller hand held power tools.

Under the Buy-Out, the Managing Director, Drew Rattan, acquired the company from Mr Harkin.

Strategic Corporate Finance advised the vendor.
