

Building for the Future at Wincro

Management Buy-Out of Wincro Metal Industries Limited

Strategic Corporate Finance advised the buy-out team of Paul Butler, Martin Swann, John Young and Debbie Godley who have acquired the entire share capital of Wincro Metal Industries Limited.

Based in Sheffield, South Yorkshire, Wincro is one of the UK's leading designers and manufacturers of Stainless Steel Building Components, producing a wide range of masonry support systems, wall ties and other fixings.

We are delighted to have advised the management team on this transaction. Once again we have demonstrated that finance is available for the right opportunities, even in the construction sector, a sector where funders often have little appetite.

The company's reputation, market position and diversity of customers across private and public sectors ensure that Wincro will have a successful future.
