

First-Class Service is Order of the Day for Hospitality Company

Management Buy-Out of Complete Hospitality Services

We have delivered smart service to a hospitality company involved in a management buy-out.

We guided the management team of Johnson's Hospitality Services (JHS) North Ltd– a UK market leader in the supply of catering equipment, furniture, tableware, linen and crockery for events hire – through a buy-out from the national Johnson Service Group.

The buy-out team was headed by South African Sean Vermooten, who was responsible for the north west division of JHS North Ltd based in Manchester.

Following the sale, JHS North Ltd, which hires out equipment for events ranging from wedding to rock festivals, has been re-branded as CHS North Ltd.
