

Tools Up For Growth

Acquisition of Eversharp Tools by International Products (UK) Limited

We acted as lead deal adviser to International Products (UK) Limited.

The acquisition of Eversharp Tools in July 2009 was the second acquisition by International Products (UK) Limited since the start of 2009. Eversharp Tools has over 20 years experience of supplying a large range of high quality tools for the electrical, engineering and woodworking sectors.

Earlier in the year, International Products (UK) Limited acquired the Tracman business, which is widely acknowledged as a leading designer and manufacturer of a comprehensive range of rail tools and rail track maintenance equipment.

We acted for International Products (UK) Limited in respect of both of these acquisitions.

We are delighted to have advised International Products on these two acquisitions. The combined group is well placed to take advantage of the growth opportunities now available to them.
