

Hair-Raisers

Management Buy-In of Hair-Raisers Limited

Strategic Corporate Finance acted as lead deal advisers and carried out financial due diligence in connection with the acquisition of Hair-Raisers Limited by Shahzad Anwar.

Hair-Raisers imports and distributes a vast range of wigs, hairpieces, toupees, beards, moustaches and hairdressing accessories. Customers include wholesalers, retail shops, hospitals, theatres and film studios. The company also supplies novelty products such as pictured here. Around 50% of sales are to export markets. Hair-Raisers operates from warehouse and office premises in Park Royal, London.

Shahzad Anwar was involved in family businesses in Manchester before acquiring Hair-Raisers. He is keen to grow the company and build upon the years of profitable trading carried out by the vendors, who have sold the business in order to retire.
