

# IFA Team Invest In The Future

## Management Buy-Out of IFPC Limited

**We acted as lead deal adviser in respect of the Management Buy-Out (MBO) of IFPC Limited (IFPC) by Richard Bradly, Umesh Raj Daswani and Paul Farrant**

IFPC is a St. Albans based firm of Independent Financial Advisors, specialising in Discretionary Fund Management. IFPC's services include advising on pensions, investments, life assurance and specialist IFA products.

MBOs are not common in the IFA sector as there is very little security for a lender to rely on. We are therefore particularly pleased to have successfully concluded this complex transaction for Richard, Umesh and Paul, and their strength as a management team was the key factor in the transaction being completed.
