

Sale of Mercury Power Transmission to Leicester Bearings

Strategic Corporate Finance acted as lead deal adviser to Mercury Power Transmission Limited on the sale to Leicester Bearings

Mercury Power Transmission, based in Leicester, is a prominent player in the bearings, power transmission and fabrication industry.

Leicester Bearings is a leading specialist in the supply and distribution of engineering components, consumables and all associated mechanical services.

The acquisition of Mercury Power Transmission brings together the strengths of both companies, combining Leicester Bearing's 35 years industry expertise with Mercury Power Transmission's 30 years of extensive experience and knowledge, especially in the fabrication, mining and quarrying sector.

Greg Barker, director of Strategic Corporate Finance acted as lead deal advisor to Mercury Power Transmission.
